on the back!

Savannah River Nuclear Solutions

Come join our team. And you can help make the world safer, too.

Our company

Savannah River Nuclear Solutions manages and operates the Savannah River Site, a U.S. Department of Energy site.

Our location

The Savannah River Site is a 310-square-mile facility located near Aiken, S.C.

What we do

We operate diverse nuclear facilities and manage infrastructure and support systems like those of a small city.

Opportunities

We offer full-time employment in disciplines such as engineering, science, business, information technology and other technical fields. We also offer an extensive internship program in the same disciplines for uniquely skilled students who want to enhance their education with hands-on experience.

The Savannah River Nuclear Solutions Internship Program offers opportunities for students attending two-year technical colleges and four-year colleges and universities up to the doctoral level to gain hands-on learning experiences related to their field of study. The goal of the internship program is to bridge the gap between academic study and its application in professional practice. Participation in an internship offers students a glimpse into a professional work environment, while networking with professionals.

Our Internship Program

Enhance your education. Make the world safer.

Internship benefits

- Networking with a broad range of professionals including experienced engineers and scientists
- Networking with students from other colleges and universities including fellow students
- Mentoring relationships which provide guidance and direction for future education, career focus and professional development
- Gain real world scientific and business expertise all employers seek
- Gaining new perspectives on science and national research missions
- Receiving hourly pay, which could be applied to educational expenses
- Building maturity and confidence
- Enhancing your academic performance
- Aiding in confirmation of academic major and career goals
- Receiving credit for prior SRNS service if offered full-time employment
- Mileage reimbursement for initial report to work and return to school (if more than 50 miles from SRS)

Disciplines

Physical sciences
Life sciences
Computer science
Engineering • Business
Communications

Internships are available during both the academic year and summer.

Eligibility and Criteria

- U.S. Citizenship Required for Security Cleared Positions. See DOE Order 472.2
- Must be a full-time student at an accredited two-year technical or four-year college or university, or within one year after finishing a degree program
- Must have completed freshman year of college or technical school
- Must possess a cumulative GPA of at least 2.5 (verified by most recent transcript)
- Must successfully complete Savannah River Site General Employee Training and substance abuse processing
