## Celebrating the 2025 SRNS United Way Campaign

**AIKEN, S.C.** – (January 7, 2026) – The 2025 Savannah River Nuclear Solutions (SRNS) United Way Campaign achieved remarkable success, culminating in a celebration that highlighted the dedication and generosity of the SRNS community. The campaign raised an impressive \$761,811, surpassing its \$650,000 goal by 17%. These funds will directly support local United Way organizations and their efforts to enhance education, improve health outcomes and promote financial stability throughout the Central Savannah River Area (CSRA).

The theme, *Celebrating History, Shaping Tomorrow*, aligned with the Site's 75th anniversary and served as a fitting opportunity to reflect on the Site's longstanding relationship with United Way—a relationship nearly as enduring as the Site itself.

Staci Peters, SRNS Senior Vice President of Business Services and Executive Sponsor of the UW campaign, stated, "The success of this campaign is a testament to the dedication and compassion of our employees. Together, we have made a meaningful difference in our community."

*SRNS and United Way came together to celebrate the success of the 2025 campaign*

Throughout the campaign, SRNS hosted 50 on-site fundraisers across 29 teams and achieved a 94% completion rate for electronic pledge cards. The eCard program, which supports monthly payroll deductions, continues to serve as the foundation of the annual campaign. In addition, more than 200 employees participated in over 18 off-site volunteer initiatives, including Project Serve (UWCSRA) and Project Unite (UWAiken) which provides facility maintenance and repairs to local United Way partner

agencies, and Project VISION (Volunteers In Service In Our Neighborhoods), which provides low-income disabled and senior citizens with essential home repairs. These initiatives are focused on expanding educational opportunities, supporting hands-on community improvement efforts, and strengthening overall community well-being.

The campaign's reach extended beyond volunteer projects. More than 600 participants took part in off-site fundraising events, including the United Way Softball Tournament, United Way Golf Tournament, bowling events and pickleball competitions, further strengthening engagement across the Site.

SRNS United Way Chair Ethan Guidry shared, "I am proud of the commitment shown across our organization. Every contribution, whether time or resources, helps advance the vital work United Way does in our community!"

"We are a small United Way, and the contributions from Savannah River Nuclear Solutions make up a significant portion of our annual budget," said Ferlecia Cuthbertson, Chief Procurement Officer for United Way of Allendale, Bamberg and Barnwell Counties. "Every program we offer and every community we serve is impacted by the generosity of the employees at Savannah River Site."

As SRNS looks ahead, the success of the 2025 campaign continues to inspire future efforts, reinforcing the lasting impact of collective giving and service.

During the celebration event several checks were presented supporting local United Way Chapters throughout the Central Savannah River Area
