**FOR IMMEDIATE RELEASE**

## SRNS AMP Members Learn How to be “Powered by a Purpose” at Leadercast

AIKEN, S.C. – May 5, 2017 – On Friday, May 5, more than 180 SRNS executives, senior leaders, work group managers and Aspiring Mid-Career Professionals (AMP) members gathered at Cedar Creek Church in Aiken, S.C., for the fourth annual Savannah River Nuclear Solutions (SRNS) AMP-sponsored Leadercast live streaming event.

“This year’s Leadercast was about more than watching dynamic and inspiring speakers in a comfortable environment,” said Scott Pardue, SRNS AMP President. “Those in attendance were able to learn, engage in discussions, gain the perspectives of senior leaders, network with other attendees and recognize the difference between leading with a plan and leading with a purpose.”

Each table was sponsored by a senior leader who led discussions about the Leadercast content, which was themed “Powered by a Purpose.” This format encouraged attendees to recognize that why we do what we do matters as much or more as what we do.

“Leadercast is a chance to recharge our careers,” said AMP member Trish Blush. “This year’s theme, focused on purpose, is what defines and empowers us to accomplish extraordinary results. When I listen to these highly successful speakers from all over the world, it inspires me to thrive both personally and professionally. I also enjoy interacting with other AMP members and managers outside of my organization.”

*Savannah River Nuclear Solutions (SRNS) Executive Vice President and Chief Operating Officer Dave Eyer gives an introduction at Leadercast, a live streaming event sponsored by SRNS Aspiring Mid-Career Professionals. The event, themed “Powered by a Purpose,” took place on May 5 at Cedar Creek Church in Aiken, S.C.*

SAVANNAH RIVER SITE • AIKEN • SC 29808

---

The leadership event was broadcasted live from Atlanta, Ga., to hundreds of off-site locations around the world. The speakers included Tyler Perry, director, actor and entrepreneur; Donald Miller, founder of StoryBrand; Daniel Pink, behavioral science expert and author; Suzy Welch, television commentator and author; Dr. Henry Cloud, psychologist; Molly Fletcher, sports agent and author; and Andy Stanley, leadership author.

The local viewing was arranged by AMP, which serves SRNS full-time employees who have between seven and twenty years of work experience.

“Our vision in planning this event was to fulfill the number one request that AMP members make over and over in our surveys,” added Pardue. “Opportunities to meet face-to-face with executives and other senior leaders, combined with unique peer networking in a more relaxed setting, have consistently been among our AMP members’ top goals for the events. I want to extend my thanks to all of the leaders in our company who helped make that possible.”

Leadercast is the largest one-day leadership event in the world. Broadcast live from Atlanta to hundreds of locations around the world each year, Leadercast brings together some of the most recognized and respected global leaders to create a leadership experience unlike any other.

Sponsored by SRNS, AMP serves SRNS full-time employees who have between seven and 20 years of work experience, offering professional development, networking and community outreach opportunities for their members. The 2017 Aspiring Mid-Career Professionals (AMP) theme is “Navigate Towards Tomorrow.” The theme centers on the concept of setting your internal and professional compass toward a personal professional goal.
