**FOR IMMEDIATE RELEASE**

## **SRNS Accepting Applications for 2019 Summer Internship Program**

AIKEN, S.C. (January 9, 2019) – Savannah River Nuclear Solutions (SRNS), the managing and operating contractor for the Department of Energy’s (DOE) Savannah River Site, is currently accepting applications for its 2019 summer internship program.

The SRNS internship program offers college students an opportunity to experience hands-on application of their studies within a professional organization. Each summer, SRNS hires a diverse group of students pursuing degrees in various disciplines, including engineering, science, computer science, business and communications. All majors and disciplines are encouraged to apply.

For internship eligibility, applicants must be a U.S. Citizen, enrolled as a full-time student at an accredited two year technical or four year university, possess a cumulative GPA of at least 2.5 and be able to successfully complete General Employee Training as well as Substance Abuse Processing.

To view available positions, visit [www.savannahrivernuclearsolutions.com](http://www.savannahrivernuclearsolutions.com), then go to the Careers tab and click on Opportunities for Students. From this page select “Apply Now” to search available intern postings. To apply for a position, students will be prompted to create a profile with a username and password as well as answer a few questions.

*SRNS' 2018 summer interns gather for a group photo at the intern welcoming reception.*

*Savannah River Nuclear Solutions, a Fluor-led company with Newport News Nuclear and Honeywell, is responsible for the management and operations of the Department of Energy's Savannah River Site, including the Savannah River National Laboratory, located near Aiken, South Carolina.*
