FOR IMMEDIATE RELEASE

SRNS to Hold Engineering, Project Controls Recruitment Fair

AIKEN, S.C., August 23, 2022 – Savannah River Nuclear Solutions, the management and operations contractor at the Department of Energy's Savannah River Site, will hold an Engineering and Project Controls Recruitment Fair to meet emergent hiring needs.

When: Friday, Aug. 26, 11 a.m.-7 p.m.

Where: University of South Carolina Aiken, Student Activity Center (see attached map)

SRNS representatives will be on hand to recruit and assess potential applicants while providing information about Savannah River Nuclear Solutions and the Savannah River Site.

Participants can register by using the following link:

Nuclear Criticality & Safety Basis

Project Controls Skills Sought:

Earned Value Management Systems
Project Scheduling
Project Estimating
Project Costing

“When you think of SRS, you often don’t realize how much engineering and project controls keep the Site running optimally and safely. These professionals play a crucial role towards maintaining and enhancing our national security and defense missions and — at the same time — can offer a long and beneficial career,” said SRNS Talent Acquisition Manager Bryan Ortnor. “SRNS has some great job opportunities for candidates in these fields, as well as many other professions.”
